Catalog version	2026

Hardwood Flooring

Hardwood flooring milled from native species from the north of Brazil, using advanced industrial processing techniques that follow the most rigorous quality standards required in major import markets. European Oak from Romania and Indonesia is also available.

Species available	Cumaru, Cumaru-rosa, Garapeira, Ipê, Jatobá, Muiracatiara, Peroba-mica, Peroba-rosa, Sucupira-amarela, Sucupira-preta, Tamarindo, Tauari
Also available	European Oak (Romania and Indonesia)
Thickness	3/4"
Widths	2 1/4", 3 1/4", 4", 5"
Edge profile	Square edge or micro-bevelled

Doors

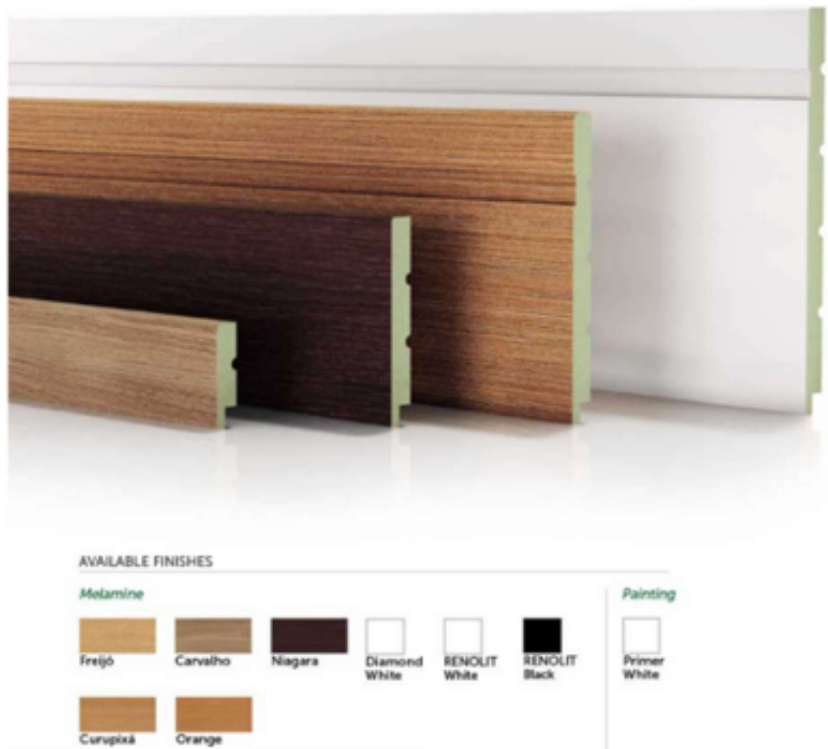

Interior door range available in multiple panel styles and finish colors, suited to both traditional and contemporary specifications.

Panel styles	Multiple profiles available — paneled, flush, and grooved designs, arched and squared tops
Finishes	Multiple color/laminate finishes available (as shown) — confirm current options at quote

Baseboards

Produced in HDF Hydro for extended product lifespan. PUR (polyurethane) adhesives used in compaction protect against humidity and insect damage. Prior to priming, the natural wood is impregnated with a protective film at 150°C, and the adhesion system waterproofs the finished part for added moisture resistance.

Smooth Baseboard

Width (W)	12mm
Heights (H)	50mm, 100mm, 150mm, 200mm

Baseboard with Trim

Width (W)	12mm
Trim (T)	15mm
Heights (H)	50mm, 100mm, 150mm, 200mm
Melamine finishes	Freijó, Carvalho, Niagara, Diamond White, Renolit White, Renolit Black, Curupixã, Orange
Painted finish	Primer White

Mouldings & Profiles

Available in raw finger-jointed pine or primed finger-jointed pine, across edge-glued, raw, S4S, split-jamb, smalls, and mitered options.

Profiles available	Base, Base Cap, Brick Mould, Casing, Chair Rail, Crown, S4S Boards, Split Jambs, Stool, Stop, Mitered Profiles
Material options	Raw FJ Pine, Primed FJ Pine
Construction options	Edge-glued, Raw, S4S, Split Jambs, Smalls, Mitered
